ANTIQUE HEART PINE

NAILY PLANK

Wide Plank Flooring Description

- **Species:** Southern Pine
- **Source:** Resawn from large beams taken from demolition sites
- **Heartwood:** 60%-100%
- **Grain Density:** 4-5 rings per inch and more
- **Knots:** Sound knots and some partially broken knots up to 3"
- **Holes:** Many nail / spike holes with some ferrous stains and a few larger bolt holes.
- **Cracks:** Occasional vertical aged stress cracks up to 1/8"
- **Face Character:** Since the lumber is resawn from large timbers, the surface of planks will have no original weathering or saw marks
- **Color:** mixed red/orange/yellow tones
- **Grain:** Mixed patterns
- **Milling:** Center matched Tongue & Groove profile and squared ends
- **Size:** Thickness: 3/4" Width: 3" - 12" Length: 1' - 12'
- **M/C:** 8-10% or less
